PRIVATE HIRE — FAQS

What does the private hire fee include?

The £500 hire fee secures exclusive use of the venue for your event. It is separate from the minimum spend.

What is the minimum spend?

Our minimum spend is £2,800, plus a 12.5% service charge. The minimum spend is redeemable against drinks purchased during your event.

Does champagne count towards the minimum spend?

Yes. Champagne and other drinks purchased from Bluethroat count towards the minimum spend. Champagne can also be arranged in advance for your event.

Can I bring my own drinks?

No. All drinks must be purchased through Bluethroat as part of the agreed minimum spend.

Is food available?

We are a drinks-led cocktail bar and do not have a kitchen. We can provide olives and nuts, but guests are welcome to arrange external catering for private events if required.

How does payment work?

The £500 hire fee is paid upfront to secure your booking. The remaining minimum spend is settled on the night, with the 12.5% service charge added to the final bill.

Can I cancel my booking?

The hire fee is only refundable up to one week before the event. Cancellations outside this period will result in the hire fee being retained.

Can I arrive early to set up?

Set-up and access times can be discussed when booking. We will do our best to accommodate your requirements depending on the event schedule.

Can I bring decorations?

Yes, within reason. Decorations must not damage the venue or obstruct guests, staff or access routes. Please discuss any larger installations with us in advance.

Can I take home unopened bottles?

Yes. Any unopened bottles purchased for your event can be taken home at the end of the evening

How do I confirm my booking?

Simply reply to our enquiry with your preferred date and details. We will confirm availability and provide the payment link for the hire fee. Your booking is secured once the hire fee has been received.
